## FILTER ACCESSORIES

### ADHESIVE, HANDLES, CLIPS

### Film-Cor

All permanent metal air filters, regardless of manufacturer, must have an adhesive applied after cleaning. Airsan Film-Cor recharging adhesive is nearly odorless, has a high flash point and rapid wetting characteristics. A dye tracer in the adhesive allows visibility of coverage. Airsan Film-Cor is U.L. listed on Airsan filters and is available as follows:

Individual Pressurized cans (12 ounces)	Airsan P/N: 900684
Case Pressurized cans (12-12 ounce cans)	Airsan P/N: 900672
1-Gallon Containers (Non Pressurized)	Airsan P/N: 900685
Discount available when 5 or more gallons purchased.	
55-Gallon Containers (Non Pressurized)	Airsan P/N: 900692

*MSDS available upon request.*

### Bail Handles

Bail handles are supplied (at customer's request) to aid in the removal of filters from housings. Bail Handles may be ordered with the filter by adding a "B" to the catalog description suffix. Examples: W2-2020B, FFG2-2020B. Bail Handles may also be ordered separately and are sold in pairs.

Galvanized	Airsan P/N: 903388
Aluminum	Airsan P/N: 904321
Stainless	Airsan P/N: 904043

### Spring Clips

Airsan spring clips provide a positive filter retainment in many types of filter housings. Spring Clips are available in Galvanized Steel and Stainless Steel material. Both 1" and 2" clips are available

<u>Galvanized</u>		<u>Stainless Steel</u>	
Spring Clip Z-107S 2"	Airsan P/N: 900681	Spring Clip ZS-107S 2"	Airsan P/N: 900683
Spring Clip Z-111S 1"	Airsan P/N: 904143	Spring Clip ZS-111S 1"	Airsan P/N: 904148
